Gateshead SEND Participation Strategy

Gateshead Council is launching its 2023-2026 SEND Participation Strategy this Spring. The strategy has been co-produced by Gateshead Council's SEND Team, the Gateshead SEND Youth Forum, Gateshead Parent Carer Forum and Gateshead's SEND Strategic Board.

The strategy aims to improve engagement and participation in the important decisions that impact the lives of children and young people with SEND in Gateshead. To ensure it is as accessible as possible, Gateshead's strategy has been developed in partnership with local SEND children and Young People, and has three distinct versions – the written strategy, an easy-read version and an inclusive, animated version.

"Our vision is that all children and young people have equal opportunity to meaningfully participate in the decisions that affect them", says

Councillor Gary Haley, Cabinet Member for Children and Young People. "We aim to embed participation across Gateshead and are consistently striving to improve our communication with children and young people who want to have a say on the issues that affect their daily lives."

"We're really proud of this strategy and hope that it can help to make a real difference in the lives of SEND children and young people across the borough."

Gateshead's New SEND Youth Ambassador

Hi, my name is Harry and I'm the new Youth Ambassador within the SEND department. I joined the team in late December 2022 with the ambition to develop my skills, meet and work with inspiring people and to give back to the community.

My role will have the opportunity to work with young people in Gateshead with Special Educational Needs and Disabilities and I want to hear opinions and concerns about lived experiences and the support young people receive.

I want to provide the best support possible in the form of information, advice, and guidance about the needs that people have and where and how they can pursue their ambitions. I work Monday to Friday based at Gateshead Civic Centre and I can't wait to get involved and see what is round the corner.

I wish to make a real difference in the lives of the young people I will be working with and hope that supporting positive change for others will be a rewarding career to dedicate my time and efforts towards.

I really enjoy riding bikes and building Lego.

This is a new post supporting the local NHS ICB and Gateshead Council. For more information visit

New Rules for Voter ID

Local government elections are due to take place on Thursday 4 May 2023. From May 2023 the law is changing to ensure that everyone who votes in UK elections will have to show photographic ID. Voter identification will require voters to prove their identity by showing a form of photographic identification before being given their ballot paper in a polling station across Great Britain at national UK-wide elections, and at local elections in England.

A broad range of documents, both in date and expired, will be accepted in order to prove your identity to vote. The Electoral Commission have created an easy read document to help those with SEND understand these changes: [Voter-ID-Resource_Voter-Booklet-Easy-Read_May-23_Group-6_0.docx \(live.com\)](#)

Details of all of the help and support available to you can be found at [Voter ID - Gateshead Local Offer SEND 0 to 25 years \(gateshead-localoffer.org\)](#)

The Autistic Girls Network aim to raise awareness of autism in girls with health, social care and educational professionals and to bring change.
